

# Fly Fishing in Schools

## HYBRID TEACHER WORKSHOP

The National Fishing in the Schools Program (NFSP) is a nationwide, all-inclusive, in-school program that provides teachers with training, curriculum, equipment, and online support to help you teach your students about rivers and river conservation through fly fishing. Designed to be taught by teachers during the regular school day, this program makes it easy to learn and teach fly fishing to elementary, middle and high school students, whether you are an experienced angler or picking up a rod for the first time.

### HOW IT WORKS: THIS IS A HYBRID TRAINING!

**Online:** Teachers must complete online training by October 3 - at your own pace and availability (about 4 hours total). Certificate provided upon completion.

**In-person:** On Friday, October 4 from 8:30am-12:30pm, NFSP certified teacher trainers will provide an in-person, hands-on conclusion training at Longfellow Elementary School in Salida, CO.

**Both the online and in-person training are required to utilize the free fishing kits from Colorado Parks and Wildlife.**

**Cost & Registration:** Register at [www.roaringfork.org/events](http://www.roaringfork.org/events) for \$50 which covers October 4 training and manual. After registering, teachers will receive an email with a link to the online training, that also includes a discount code. Online training is \$30 (code provides \$20 savings). Scholarships are available for the in-person session.

### WHAT YOU GET:

- ✓ Become a Certified NFSP Teacher
- ✓ Printed Manual
- ✓ Access to online curriculum and assessments
- ✓ Snacks on October 4
- ✓ FREE use of fly fishing kit for your classroom (\$3,850 value)
